Ratio Problems Worksheet	
Solve if the problem asks for a ratio, give it in simplified form.	
1 a	A jar gets pinto beans and black beans in a ratio of 1 : 1, and 300 of the beans are pinto beans. How many beans in total are there in the jar?
2 a	Jaydon and Caden share a reward of \$140 in a ratio of 2 : 5. What fraction of the total reward does Jaydon get?
3 a	Gavin has nickels, dimes, and quarters in the ratio of 8 : 1 : 2. If 30 of Gavin's coins are quarters, how many nickels and dimes does Gavin have?
4 a	The ratio of girls to boys in a swimming club was 2 : 4. There were 14 girls. How many total members were there in the club?
5 a	A jar contains 500 beans. Of all the beans, 25% are white beans and the rest are navy beans. What is the ratio of white beans to navy beans?
6 a	Sophia and Isabelle share a reward of \$117 in a ratio of 1 : 8. What fraction of the total reward does Sophia get?

Name : _____ Score : _____

Solving Equations of Different Solution Types

Solve each equation.

$$1) \quad -68 + 30k = 10(3k - 7) + 2$$

$$4) \quad 4 = -8z - 7 + 8z$$

2) $48(m + 3) - 102 = 6(8m + 7)$

5) $-8n + 7 + 8n = 7$

3) $21 + 3h = 3(h + 7)$

6) $3 + 4v = 6(5 - 7v)$

State whether each equation has one, infinite or no solutions. If just one solution, solve for the variable.

7) $2(-5f - 9) = -22 - 10f$

10) $12 = -6(9t - 2) + 54t$

$$8) \quad -66 = 9(-7 - 8r) + 72r$$

11) $8(5 - 4c) + 25c + 7c = 10$

9) $6(f - 10) = -60 + 6f$

12) $8 + u = 5u - 4(u + 9)$

Are the Ratios Equivalent Ratios?

Name: _____ Score: _____

Are the following ratios equivalent? Answer with ‘yes’ or ‘no’.

21 : 75 and 105 : 375	10 : 60 and 30 : 150
2.9 : 10 and 58 : 200	200 : 150 and 22 : 16
45 : 180 and 62 : 240	0.4 : 8 and 15 : 300
0.17 : 17 and 0.16 : 1.6	300 : 350 and 90 : 105
0.7 : 49 and 2 : 140	11 : 33 and 125 : 350
0.3 : 3 and 1.2 : 120	320 : 304 and 42 : 38
0.2 : 100 and 1.1 : 550	22 : 25 and 110 : 125

There are 20 slides in total. This product is a Google Docs file and is 100% editable. Post these on the wall for kiddos to reference or use these posters to introduce or review short and long vowel sounds during your reading block or small group. Perfect for classroom display!18 shapes included – circle, square, rectangle, oval, triangle, pentagon, hexagon, heptagon, trapezoid, octagon, semicircle, rhombus, trapezium, star, crescent, heart, parallelogram and kite shapes are included.Here's what's included -18 2D Shape Posters each with real life photo including circle, square, rectangle, oval, triangle, pentagon,Page 12Students love looking at real life pictures. Students love to spot errors in the unlikeliest places, and an activity like this gets them thinking, collaboratPage 9Great for vocabulary building in speech therapy, RTI, learning centers, and ESL/ELL/EFLIncluded:- 90 photo cards, 6 per page- 1 design for back of cards- Animals include: farm, pets, insects, forest, marine, Australian, jungle, arctic, desert, and more!Ideas for use:- Select desired cards and print 2 sets for a memory game, go fish, etc.- Categorize by environment, diet, appearance, etc.- Charades- Describing attributesHow to prepare the cards:Page 3 can be used as the back of the cards. Post it as "make a copy for each student"Metacognition and Real Reading Comprehension Strategy - Are your kids REALLY READING? Then check out this NO PREP Wh questions language activity bundle. Using kinesthetic, auditory, andPage 16This fantastic SUPER MEGA Bundle contains 174 illustrations of 2D Shapes in Real Life (circles, diamonds, ovals, rectangles, squares, triangles, hexagons, octagons and pentagons).The Bundle contains the following illustrations in color and black and white:Circles: Beach ball, button, cartwheel, chocolate chip cookie, clock, coin, donut, lemon slice, moon, pizza, wheel, yarn.Diamonds: Baseball field, building trowel, crown, earrings, kite, playing card, road sign, sweater.Ovals: Avocado, blimp (2Page 17Students love looking at real life pictures. This is an excellent modern and engaging activity to have students take ownership of their learning and make connections to the world around them. 10 Emotions and Feelings included- happy, sad, angry, scared, surprised, sick, excited, hurt, tired, confused. PrintPage 10Vocabulary flashcards with real photos for Autism, Special Ed, Speech Therapy, great for learning vocabulary on the topic through different matching picture to picture activities and memory games as well as for reading and spelling activities. Answer key included! Also, check out my other Decimal Operation products- Add, Subtract, Multiply, and Divide Decimal Operations Word Problem Practice with Key and Decimal Operations Interactive NotebooPage 14Do you need to target WH questions regarding features, function, or class? Students sort animals based on their habitat. It can be used as a task for the Common Core, or real world application of the measurement unit. Just need to print, laminate, cut apart and velcro!Page 20Identify Literary Terms from Real World Examples: A Task Cards Set, 1st Edition. This is the digital version of my unit rate activity. It includes 55 scenarios and an answerPage 2Working in a self contained special education classroom, our students rely on visual schedules to get through the school day, to keep things interesting - and to provide plenty of examples!Allow students to take ownership of their learning and make connections to the world around them. This activity has been created on 10 topics of teenagers and youth. You can use the shape posters and cards during small group, whole group, circle, and center time. The adorable carrot and bunny graphics are perfect for spring review around Easter!Activities included:★ 48 Color and 48 B/W real and nonsense words to sort! Each word will reinforce students decoding phonics skills taught: diphthongs, long vowel teams and two syllable words.★ Recording page★ Hunting for The sets in this collection are circle, crescent, heart, hexagon, octagon, oval, pentagon, rectangle, rhombus, semi circle, square, star, trapezium & triangle. Students match the term with the definition and then the real world example that best describes the term! Check out the preview! Terms: biotic factor, abiotic factor, organism, ecosystem, population, community, ecology, biome, producer, consumer, decomposer, predator, prey, species, habitat, niche, competition, interaction, herbivore, carnivore, omnivore, scavenger, food chain, food web, energy pyramid, photosyPage 24These bright & cheery posters showcase each of the short and long vowel sounds with letters (capital & lowercase), words, and real photos to match! Each poster features a vowel, a word starting with the letter's short or long sound, and a crisp picture. The notes and answer key are provided with the lesson when you download.Slide 5: An int3D Shapes in Real Life Clip Art BUNDLEBy This fantastic 3D Shapes in Everyday Life Bundle contains 122 high quality illustrations (Spheres, Cubes, Cylinders, Rectangular Prisms, Triangular Prisms, Pyramids and Cones). Great for teaching feelings and emotions vocabulary words. This pack offers 48 different real photo daily schedule cards for your board and schedule pieces for individual student schedules.In this product you receive:48 Large Schedule Cards48 Small Schedule Cards (2x2)15 Color Coded Schedule Cards (dark red, red, dark orange, light orange, yellow, dark green, light green, dark blue, light blue, dark purple, light purple, pink, brPage 3Food Cards 300 Realistic PicturesCards are 2 x 2Pictures Include:fruits, vegetables, meats, dairy, breads, desserts, snacks, condiments, drinks, breakfast, lunch, and dinner foods + moreThis product uses real photos that are realistic to everyday life. Can also be an extra resource for behavior management. Each color features a beautiful picture. 22 images (12 in color and 10 in B&W) CRESCENT banana, cookie, earrings, moon, pepper, wrench and crescent shapes in primaryPage 5Shape posters with REAL PHOTOS make 2D shape and 3D shape recognition and geometry fun and active. Next, students will complete a guided worksheet to calculate their monthlyWhat is it? Each of these situations corresponds to an integer. The students will move the pieces over to the inside of the file folder and regardless of where it is put. These fun, interactive task cards are just what you need to engage your students while they are practicing life skills. This resource is great for distance learning, homeschool, and speech therapy! Use this resource as a tool for inferring about a picture/scene, making assumptions and predictions, answering multiple choice and more!Click here to sPage 22This project is the culmination of the perimeter, area, volume unit. These activities are just what you need to target language development and vocabulary growth. Therefore, to capitalize on this love of students, I have created a color word packet that your students are sure to love. Along with the posters, you will also receive 6 additional posters that wilPage 13Students are assigned the task of planning a field trip to Six Flags. They will love seeing coasters they might be familiar with, and photos and factsIntroduce students to the power of modern satire with this video-based lesson featuring a behind-the-scenes look at Birds Aren't Real, a satirical conspiracy theory group that insists the U.S. government has replaced all birds with surveillance drones to spy on people.Begin with a quick discussion and definition of satire and then view The Truth Behind Birds Aren't Real - My Life Online, a high-quality 23-minute documentary available for free (with ads) via two online platforms. So just take your eraser to reveal each one. They are perfect for your next math resources!The Bundle contains the following listings:3D Shapes Real Life Objects Clip Art: Spheres: Soccer BallBasketballBeach BallMarbleGlobeOrangeChristmas OrnamentBilliard BallBalloonMoon3D Shapes Real Life Objects Clip Art: Cubes:Puzzle cubeIce cubeBuilding BlockABC Wooden BlockDiceThis Pythagorean Theorem project based learning activity is designed for Google Classroom, and includes traditional print options as well. Included: - 48 task cards with answers for cutting and printing, pdf - 48 task cards full page size in pdf and jpeg for projecting, using in Google, Classflow, Nearpod, Kahoot, as a screensaver and more! Students not only identify the literary term used in the real woPage 21This DIGITAL resource for WH Questions with REAL photos is an engaging way to work on who, what, where, when, and why questions without the heavy prep of paper and lamination. Students will start the project by picking a career. Along with the posters, you will also get NUMEROUS activities to assist you when teaching color words to your studentsPage 18Feelings and Emotions Poster Set with real life people. Students use their pointer finger to trace the uppercase and lowercase letters and say the letter name, then say the picture. It is a great addition to any math center! They have been designed for a preschool, pre-k, or kindergarten classroom. Each shape features a beautiful picture. Then, they determine which size is the "better buy" based on the unit prices at each restaurant. Introduce integers by having students translate real-world scenarios into positive, negative, or zero values. The planning questions practice adding, subtracting, multiplying, and dividing decimals in a real-world application. You can also limit the amount of pieces that the students can use tReal Number System Interactive Smart Notebook Lessonby Real Number System Interactive Smart Notebook LessonHere is the breakdown of this lesson:Slide 1: Why Do We Classify Numbers in Math? Students are expected to calculate unit rates for different sized items from various restaurants (Starbucks, Dunkin', McDonald's, Culver's, and Panera). This was a slide to just get them thinking about classifying.Slides 3-4: Notes on The Real Number System. Includes: 2 full Emotions and Feelings poster setsPosters include: 2 Angry, 2 Bored, 2 Confused, 2 Curious, 1 Embarrassed, 2 Excited, 2 Frustrated, 3 Happy, 1 Mad, 1 Lonely, 2 Nervous, 2 Sad, 1 Silly, 2 Sleepy, 2 Sick, 2 Scared, 1 Surprised, 1 Tired, 2 Upset2 versions of "How do you feel today" posterAll posters are 8.5 x 11OverPage 19This product contains 9 different habitat sorting mats (polar, desert, forest, rainforest, savanna, mountain, ocean, wetlands and farm). Want to see this deck in action? Students estimate the cost to build a backyard, with a swimming pool, deck, shed, playset area, garden, and brick walkway. Just print, cut, and laminate! ►►SAVE over 20% and buy the Real Photographs Decor BUNDLE ►►Included:• Teaching Ideas• 2D Shape Posters (full page)(circle, oval, triangle, square, rectanPage 6This is a collection of 7 sets of 3D real world images. These scenarios will prepare students for later word problems involving integers. There are spaces on each slide for students to type their answers. Click on the link below to play! IdentifiPage 26Students review phonics skills by decoding & sorting real and nonsense words! This activity focuses on diphthongs (oi, oy, ou, ow, oo), vowel teams (ay, ai, ea, oa) and two syllable words. S. The strategies and activNeed a tracing book that matches your curriculum or have a request for certain images for certain letters? They include pdfPage 15Real Photo Errorless File Foldersby #TLAEXCLUSIVEThis set of 20 file folders has nothing but real photographs or real pictures! It is meant to be used with students that are learning the very early skills of using materials in the classroom or they can be used for students that need to work on building independence and need something they can do on their own. The images in each set are: CONES Christmas tree, ice cream, party hat, popcorn cone, rocket, witch hat, traffic cone, 2 cone shapes in primary colors 20 images (10 in color and the same 10 in B&W) CUBES sugar cube, ice cube, block, dice, rubix cube, 3 cone shapes in primary colors 16 images (8 in color and the same 8Page 7This is a fun, multi-disciplinary project that brings percents, ratios, and rates to life! My middle school students have a blast applying their new math skills to real-world consumer math problems. The sets in this collection are: Cones, Cubes, Cylinders, Pyramids, Rectangular Prisms, Spheres and Triangular Prisms. This digital resource can be used on an interactive white board, iPads, chromebooks, and more. Some kids relate better to real pictures instead of drawn pictures.This item would be great for any child especially those with Autism, Asperger's, PDD-POS, Speech Delay, etc...The purchaser is granted permission to download and print this item foPage 4This is a collection of fourteen 2D real world shapes sets. In this pack you are provided with color posters for each of the following colors: red, orange, yellow, green, blue, purple, pink, brown, black, white, gray (and grey). They are given a Six Flags brochure (included in attachment) and planning questions (included in attachment). The bullets are whited out. There is one slide per restaurant, for a total of 5 slides.How is it used? The images in each set are: CIRCLE button, care steering wheel, chip, clock, donut, lifesaver, orange slice and circle shapes in primary colors. It is a good resource for students with autism and special needs.The body parts included are: arm, back, cheek, chest, chin, ear, elbow, eye, face, feet, finger, forehead, hair, hand, head, heels, knees, legs, lips, mouth, nails, navel, neck, nose, palm,Page 11Love using real life photos in class? It will engage students by asking them to determine the lengths of the highest drops of some of the most well-known roller coasters in the country! Students use the vertical drop and horizontal distance traveled to determine the length on the tracks of ten different coasters. They get to practice taking out loans, going out to eat, and shopping for shoes, cars, school supplies, clothes, computers, and more!The project is aligned to several Common Core standards across 6th, 7th, and 8th grades! Some of the skills practiced include: Tip / Tax / DiscountMarkup & MarkdowPage 8This BUNDLE of real-world grammar mistakes is an excellent engaging activity for bell ringers, grammar practice, review, or just for fun any time of the year! I've collected mistaken-ridden posters, tweets, signs, songs, etc. Then you'll love these 2D shape posters with real world photo examples of each 2D shape. Print and goPage 25Are you looking for a way to reach your special needs students while you are distance learning? Using the calculations and costs associated with purchasing materials needed to construct the different parts, students will generate the total cost of the project, without labor. In this pack you are provided with shape posters for each of the following 2D shapes: circle, triangle, square, rectangle, rhombus, diamond, trapezoid, hexagon, octagon, star, heart, oval, pentagon, and parallelogram. Therefore, to capitalize on this love of students, I have created shape posters that your students are sure to love. With the dimensions providePage 23Practice, Review and Assess your students understanding of these 46 vocabulary terms. The speech, filled with Mister Rogers' warmth and kindness as he secures \$20 million in funding for public television, is a high-interest way to add the non-fiction analysis skills emphasized by the Common Core to your classroom.Students will leaReal Life Math Project- Project Based Learning by Real Life Math Project provides a fun way for Middle School students to discover what it is like to have a job, pay taxes, have a a mortgage, a car loan, go grocery shopping and set up a budget! The great thing about this project is that all of these things have been simplified to a middle school level, making this project educational and enjoyable for students. Senate subcommittee address given by Fred Rogers, host of Mister Rogers' Neighborhood, in support of public broadcast funding. Next, ask studenShow your students a real-world application of the tools of rhetoric (ethos, pathos, and logos) as they examine the 1969 U. Send me a message on TPT and I can work on a custom order for you.Jan Richardson, among many others, recommend an Alphabet Tracing Book routine to help young emerging readers master letter identification and practice letter formation. The kids love it and think it's magic :)Slide 2: How do we classify in other subject areas? Students will read 55 short situations including words like deposit, withdrawal, increase, decrease, above, below, debt, sea level, discount, descend, and more. These NO PREP language activities can be used across a variety of settings including speech therapy, special education supports, life skills, and so much more! Use these NO PREP NO PRINT language exercises on tablets, computers, and smartboards. Fake Reading Comprehension Kit. If your kids are struggling with comprehension, metacognition or just "pretending" to read, this just may be the resource for you! :)**Metacognition Real Reading Salad can also be found in a bundled set.**Metacognition MEGA BUNDLE!You may use these lessons and activities with any text or chapter, multiple books, a specific genre, poetry, etc. Backgrounds are red, yellow, orange, green, blue, and rainbow. ~ Real vs.
