Son of Duke and Duchess of Sussex Archie Mountbatten-Windsorborn (2019-05-06) May 6, 2019 (Age 4 2) London, United KingdomNationalityBritishAmericanParentsPrince Harry, Duke of Sussex (father) Meghan Markle (MÃ- e) Relativeshouse From Windsormarkle Family Archie Harrison Mountbatten- Windsor (born on May 6, 2019) is the son of Prince Harry, Duke of Sussex, and Meghan, Duchess of Sussex. He is the eighth big grandson of Queen Elizabeth II and is about the succession line for the British throne. [1] Birth, Baptism and Family Archie Harrison Mountbatten-Windsor was born at 05:26 BST (04:26 UTC) on May 6, 2019 at Portland Hospital in London. [2] [3] He is the first son of the Duke and Duchess of Sussex. VÃrios landmarks were illuminated in different colors to mark the birth, including Niagara Falls, the CN Tower and the London Eye. [4] [5] [5] His name was announced on May 8, 2019. [7] He was baptized using the real baptism dress by Justin Welby, Archbishop of Canterbury, on July 6, 2019 in the private chapel in Windsor Castle, with water from the Jordan River. [8] In a break from the real tradition, the parents of Mountbatten-Windsor did not make the identities of their godparents. [9] He has a younger sister, Lilibet. [10] MountBatten-Windsor paternally descends from the British Real Family. He has mixed race ascendancy, having African-American and European-American maternal lineage. [11] He has a double nationality of the United Kingdom and the United States. [12] [13] At the television interview of 2021, Oprah with Meghan and Harry, the Duchess said a real family member was worried "about how dark skin [Mountbatten-Windsor] could be when she was born." [14] At the beginning of 2020, the parents of Mountbatten-Windsor knocked down their papers as real family work members. [15] The family then moved to the North America and lived in Moncito, California, from that summer. [16] Public appearances in September and October 2019, Mountbatten-Windsor accompanied his parents on a southern tour of Africa for Malawi, Angola, South Africa and Botswana. [17] To mark your first birthday in 2020, he appeared in a video storytime with his mother as part of the rescue with history campaign, a project to support children and families affected by the Covid-19 pandemic . [18] Totter and Succession MountBatten-Windsor is SÃemo in the line of succession for the British throne. As an apparent heir to the Dukedom of Sussex, Earldom of Dumbarton, and Barony of Kilskeel, he is usually entitled to use the subsequent subsidiary of Prince Harry in Dumbarton as courtesy. [1] [19] However, the duke and the duchess decided that he would be stylized as Master Archie Harrison Mountbatten-Windsor according to his desire that he grown as private citizen. [20] On the patent of letters issued by King George V in 1917, Archie Mountbatten-Windsor has the right to become a prince on the adhesion of his grandmother, Charles, Prince of Wales. In the Oprah interview with Meghan and Harry, the Duchess said she had been informed that changes would be made to remove this right. [21] She suggested that this was because her son is a miserable race, but the plans of the prince of Wales for a real family reduced date back to the 1990s.
